

Note: Prerequisite for device certificates is to have completed registration and integration with Widevine.

Subscriber contacts A3SA to get device certificates and completes the A3SA Adopter Agreement.

Eonti Sends Subscriber:

- Digital Certificate Subscriber Agreement (DCSA) along with:
 - Certificate Naming Application(s) (needed for each approved Device Series)
 - Customer Contact Information Form
 - Fee Schedule
- Invoice for the certificates being requested

A3SA introduces Subscriber to Eonti and provides Eonti with:

- The organization name of the Subscriber
- Whether Model or Individual device certificates are needed
- The approved Device Series and Model Name

Subscriber Returns the Signed DCSA and:

- Completed Certificate Naming Application(s)
- Payment for the certificates being requested

Verification:

- Eonti verifies contact information of individuals listed in the DCSA

Model Certificates

Individual Device Certificates

Low Volume (<100)

Higher Volumes (>100)

Certificate Signing Request (CSR) file(s):

- Subscriber sends Eonti a CSR for each certificate being requested

High Volume Individual Device Certificates Account Authorization & Issuance:

- Eonti provides Subscriber with account access information and instructions for requesting, downloading, revoking, and ordering additional certificates
- This includes instructions on uploading CSR files, if applicable

Certificate Issuance and Delivery:

- Eonti accesses the online account and generates the certificate(s) ordered by Subscriber using the CSR file(s)
- Production Certificate(s) securely sent to Subscriber
- Information and instructions for support, revoking, and ordering additional certificates sent to Subscriber

Ongoing Certificate Lifecycle Management

Ordering Certificates for a new device (Individual or Model)

- A3SA sends Eonti the Subscriber organization name and approved Device Series
- Subscriber sends payment, Naming Application(s) and CSR file(s) to Eonti

Ordering Additional Individual Device Certificates

- Certificates are purchased in advance. Once all certificates that have been paid for are issued, a Subscriber can place a new order with Eonti and additional certificates will be available.
- If more certificates are issued than have been paid for, Eonti will bill the Subscriber at the end of the month for any additional certificates consumed.
